State Government

UCA 36-12-13(2)(c)

Revenues	FY 2026	FY 2027	FY 2028
Total Revenues	\$0	\$0	\$0

To the extent that the state lapses spending authority to the General Fund or has excess account balance transfers at the end of a fiscal year, enactment of this legislation could forgo future General Fund budget surpluses by 50% of the amount that would otherwise have lapsed and been transferred, up to a maximum of \$5.0 million. Had provisions of this legislation been in effect in FY 2025, it would have resulted in \$5.0 million shifting from the General Fund to the new Unspent Balances Restricted Account.

General Fund, One-time	\$1,900	\$0	\$0
Total Expenditures	\$1,900	\$2,800	\$2,800

Enactment of this legislation could cost the Division of Finance \$1,900 one-time from the General Fund in FY 2026 to set up the new account, and \$2,800 ongoing from the General Fund beginning in FY 2027 to maintain the new account and perform the end-of-year calculations.

Notes on Notes

Fiscal explanations estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal explanation is not an appropriation. The Legislature decides appropriations separately.
