Enactment of this legislation may redistribute state funding supporting child nutrition programs among Local Education Agencies (LEAs). State funding comes from revenue generated by the sale of liquor. The FY 2027 base appropriation is \$50.1 million and funds are distributed on a student participation basis. Bill provisions require the State Board of Education to use at least 20%, a total of approximately \$10.0 million, to pay lunch costs for eligible students. **Notes on Notes**

Fiscal explanations estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal explanation is not an appropriation. The Legislature decides appropriations separately.
