State Government

UCA 36-12-13(2)(c)

Revenues	FY 2026	FY 2027	FY 2028
Total Revenues	\$0	\$0	\$0

Enactment of this legislation likely will not materially impact state revenue.

Expenditures	FY 2026	FY 2027	FY 2028
Total Expenditures	\$0	\$0	\$0

Assuming current funding levels and changes in liability costs under this bill, enactment of this legislation will not materially impact state expenditures. Since liability cost changes from a recent court decision reduced projected state liability costs by an estimated \$2,007,200 ongoing (of which \$782,800 is GF/ITF), the state could forego projected cost savings in the same amount beginning in FY 2027 as liability cost estimates revert to the same levels prior to the court ruling.

Notes on Notes

Fiscal explanations estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal explanation is not an appropriation. The Legislature decides appropriations separately.
